## ANNOUNCEMENTS

WEEK OF JULY 10, 2022

**We warmly welcome you to worship today!**

### **Some Church App tips to pass along:**

**Giving** — for those who have giving set up through the app, there is some information we'd like to share with you for consideration. Giving with a credit or debit card incurs a processing fee to the church of 2.15% of the transaction plus an additional .30 cents. Giving with the ACH method (bank account) is a single .25 cent fee. We would love it if you would consider changing from a debit or credit card to ACH (bank account) which would remove some of those fees for the church. If you feel led to cover the fees for your donation, that is also very much appreciated! If you're not sure how to do that or want to know if yours is set up this way, please check with Kathy in the office (hcrcc@sbcglobal.net, 616-890-2227 or stop by the office during the week). **Thank you for your continued faithful giving!**

**Directory Listing** — all partners (members) of HCC have the option to list contact information for yourself and your household. This is increasingly helpful for others when they need to find a phone number, email, or an address to mail cards, and even the ability to put names and faces together for those who are newer partners to HCC. When you open the app, the first screen you now see is called "Me" - this shows you all of your own information in the app. **Select "view profile"** from the top of the screen by your name, then just take a minute to check over your directory settings and make sure there are green check marks by your **photo, phone number and address**. Once you have done this for yourself, if you are part of a household simply scroll down the page and do the same for everyone listed in your household. To save any changes you've made, **select "update"** from the upper right corner of the screen. If you are a newer partner to HCC and would like to be included in the directory, please let Kathy know. Thanks so much for your help in keeping the directory portion of the app updated and working well!
